KSA Excellence in English & Zeal

EXCELLENCE IN **English** Join us to **Speak Smart** Clearly & Confidently

Language is an essential factor when you are doing a professional course. At CPT level, Knowledge and Applicability skill sets are important to crack the exam since the structure of the CPT examination is Objective type. At Intermediate level, the examination type being descriptive, one needs to have competence in English apart from intellect and knowledge in the subject. KSA happily brings an initiative to develop the English knowledge and support them to clear the Intermediate Exam. Excellence in English is an initiative by KSA that helps the students in developing English language and paper presentation thereby supporting them to clear the exam with ease.
